ACCREDITED

Dean's Message on IBA's 60th Anniversary

21 March 2015

Dean & Director, Dr. Ishrat Husain

IBA doesn't consider itself an old institute rather a learning Organization that is continuously reinventing itself. We have introduced new programs, transformed ourselves from a purely teaching to research institution, introduced case study method and experiential learning as new pedagogical tools, set up a centre for Entrepreneurial development, extended outreach to the community and businesses. In doing so we had to invest massively in infrastructure and ICT., recruit top quality faculty many of them either holding PhDs from best universities around the globe or in the process of pursuing PhD. Our motto to prepare the leaders for tomorrow is practically translated through a holistic personality development of our students combining competencies with character and commitment. Our need blind admission policy and National Talent Hunt program have enabled many financially challenged students from backward districts to move up in the social ladder.

Sixty years ago this all seemed merely an impossible task to many of our predecessors who were struggling with the gigantic task of creating a Business school on the model of the U.S. System. However, I believe that impossibility is not a word to be scared. When one starts working towards an objective, ways start to open up. Today, the rapid pace of infrastructural development and academic excellence exhibited by IBA is a testimony to the hard work done by those pioneers as IBA has become matter of pride for the society at large. But, IBA never rests on its laurels and I am sure the next sixty years will be devoted to continuous improvement.

All this would not have been achieved without the help of the larger IBA community, the alumni and our various donors who contributed towards IBA in monetary terms. Also, various committees and Board of Governors made timely decisions without which this successful endeavor would not have been possible. I hope that in the coming years, IBA will be able to maintain its reputation and remain an example for all other business institutes to emulate.

We wish to remain seriously committed to the letter and spirit of our motto "*leadership and ideas for tomorrow*" by educating students not only to become academically competent but epitomizing the highest ethical standards and moral values.

Programs of Study

Bachelor of Business Administration (BBA)

The BBA Program is a full-time 4-year bachelor's program often referred to as the core IBA program. It consists of 49 courses of 147 credit hours cumulative. The students go through an academic program that stresses not just the essentials of business subjects - but also acquaints them with the essential concepts of Social Sciences and Liberal Arts. In their freshman and sophomore years, students study subjects such as History, Anthropology, Psychology, Philosophy and Logic, and Media Study, along with a host of electives to major in Marketing, Finance, Human Resource, and Entrepreneurship.

Bachelor of Business Administration (Entrepreneurship)

A 4-year degree program developed in partnership with Babson College of Entrepreneurship in Boston (USA). The programs develop students' abilities to formulate, explore and create ideas. It trains them to analyze disciplinary and inter-disciplinary subjects, and provides hands-on experience in industry, for applying the knowledge and training to generate and sell ideas in the real world. The curriculum integrates Core Business Courses, Social Science Courses and Entrepreneurship Electives, which enables students to develop the necessary skills to become entrepreneurial in thinking and practice. The program consists of 147 credit hours.

Bachelor of Science (Accounting & Finance)

Developed jointly by the Institute of Chartered Accountants of Pakistan, ICAP and Institute of Business Administration, Karachi, this 4-year program provides an exclusive opportunity to the students to receive an academic degree that leads to a professional qualification. An exemption of 12 Exams of AFC and CAF (Old Module A to D) will be granted to the prospective CA students who complete their BS (Accounting & Finance) degree from IBA. After graduating from IBA Karachi, these students would avail the following benefits:

- Exemption from Module AFC and CAF (Old Module A to D)
- Complete training for 3 years
- Pass CFAP and MSA (Old Module E & F)
- Become a Chartered Accountant

Bachelor of Science (Economics & Mathematics)

A 4-year degree program with double majors in Economics and Mathematics; it is designed to give students a solid foundation in both Economics and Mathematics. It provides a well coordinated curriculum for students interested in pursuing Masters or PhD in Economics and Mathematics. The program consists of 150 credit hours. Major disciplines are of Economics and Mathematics; the remaining courses are from other disciplines like Social Sciences, Management and Accounting.

Bachelor of Science (Social Sciences and Liberal Arts)

A 4-year degree program with majors being offered in Political Science, Psychology, and Media & Communication Studies. The program is designed to develop in students the theoretical, historical, and experiential knowledge necessary to understand how we interact with our social world in local and global contexts. The program focuses on how students can use strategies and frames of social analysis to understand and critique our increasingly interrelated economic and politically mediated lives. Courses that comprise the Liberal Arts core introduce students to a selected range of traditional academic disciplines that comprise the liberal arts and sciences. Through these courses, students will acquire comprehensive skills in both qualitative and quantitative thinking and analysis before they engage their major field of specialization.

Bachelor of Science (Computer Science)

The BS (CS) program is a four-year, broad-based program, providing students with a sound theoretical knowledge of the field, while equipping them with a thorough practical grasp of the current tools and techniques being used in the industry. This program consists of a total of 147 credit hours, comprising of a combination of University, Computer Science and Non-Specialization core courses, along with a broad array of electives from both Computer Science and Non-Specialization fields.

The program culminates in a one-year industry-based group project whose objective is to develop and implement an innovative, real-life project with an industry partner under the supervision of a department faculty. The program is offered at both the campuses of the IBA.

Master of Business Administration (MBA) (Morning Program)

The MBA Morning Program is offered at the Main Campus. Specializations include Marketing, Finance, Human Resource Management and Supply Chain Management.

Minimum Duration: 24 months / 72 Credit Hours

Pre-Requisites: 16 years education plus 2 years post qualification work experience plus min 60% aggregate marks or 2.5 CGPA (whichever is applicable) in last degree.

Program Structure: 72 credit hours including MBA Project. Summer Internship is mandatory.

Masters of Business Administration (MBA) (Evening)

The MBA Evening Program is offered at City and Main Campuses. Specialization includes Marketing, Finance, Human Resource Management and Supply Chain Management. The duration of this program may vary depending on the capacity of the student to complete the course load during each semester.

Minimum Duration: 42 months / 72 Credit Hours

Pre-Requisites: 16 years of education and 2 years of post-qualification work experience, plus min 60% aggregate marks or 2.5 CGPA (whichever is applicable) in last degree.

MS (Computer Science)

The MS (Computer Science) program is meant for either recent graduates of Computer Science programs or for professionals in the IT industry who would like to further enhance their career. The program aims at preparing students for either a research-based career or for enhancing their technical knowledge and competence in specialized subjects. The program will be converted into a full-time day-program from Fall 2014, while continuing already enrolled students will continue in the evening. The program requires completion of a total of 30 credit hours with an optional thesis. For those students opting for MS thesis, 24 credit hours of course work 3 credits for research survey and 3 credit hours of thesis work are required. For students opting for course work only, 27 credit hours of course work, along with 3 credit hours of research survey is required. The program is offered at the City Campus.

MS (Economics)

The MS (Economics) program is designed to provide a solid background in theory, quantitative methods, and applications appropriate to the needs of economists involved in policy planning, analysis, and forecasting of public and private sectors. This program emphasizes on Applied Economics, and caters to the growing market for Economic Analysts. Options will be available to students to either to join the morning session or the evening session. However, if sufficient number of students are available, the morning session may also be started. Work experience is not mandatory for admission to the MS (Economics) program.

MS (Mathematics)

This program is geared towards cutting edge research in modern, as well as contemporary areas of Pure and Applied Mathematics. It aims to streamline and (academically) help raise individuals with successful careers in mathematics. The program targets students who have had graduate level training in Mathematics, Physics, Engineering, and Allied Sciences. Their existing knowledge base of Mathematics is complemented with the MS program, the successful culmination of which naturally leads to a tenure of Doctoral Research. Work experience is not mandatory for admission to the MS (Mathematics) program.

Executive MBA

This program has been designed for the mid-career professionals, executives, managers, eager to upscale their knowledge and skills and move into leadership roles. It offers a Master Degree in Business Administration on a schedule that minimizes disruption of work and personal pursuits. This program is a combination of class room learning through interactive group discussion and experience sharing by participants and faculty. The all-encompassing curriculum is develops the analytical and decision making skills of knowledge-seekers. This program is relevant for all those who are ready to do the hard work in seeking C- suite (CEO, CFO, COO etc.)

PhD (Economics)

The PhD program in Economics provides graduate students an opportunity to make a contribution in the development and application of knowledge in Economics. It enables students to conduct quality research in their specialized fields. Students, after successfully completing their doctoral degree from the IBA, are prepared for careers in universities, business enterprises, national and foreign Banks, companies and government organizations. This is a full time morning program. IBA will offer Teaching / Research Fellowship to all students enrolled in the PhD program, for which they are paid a monthly stipend and tuition waiver.

PhD (Computer Science)

The Faculty of Computer Science at the IBA is offering a full-time PhD program in Computer Science, with specialization in a variety of areas including Artificial Intelligence and Cognitive Robotics, Wireless and Mobile Communications, Social Computing, Information Security, Numerical Analysis and Computing, Multimedia and Web, as well as Human Computer Interaction. Students may avail a full teaching assistantship which comprises of an attractive monthly stipend and a full tuition fee waiver. The program is composed of 24 credit hours of course work along with a doctoral dissertation. The program is offered primarily at the City Campus.

PhD (Mathematics)

Extension in knowledge is the prime objective of all graduate research. This extension is applicable immediately and helps solve existing real world problems in most of the areas of studies. However, creation of new Mathematics provides mostly the framework for future applied research, and may not find immediate application. There are numerous examples of instances where Mathematics created at some point in time found applications decades later, when a practical problem could not be solved otherwise. For this reason every PhD (Mathematics) program should have the goal of creating new Mathematics. PhD program in Mathematics at IBA intends to achieve similar goals. This is a full time morning program. IBA will offer Teaching/Research Fellowship to all students enrolled in the PhD program, for which they are paid a monthly stipend and tuition waiver.

PhD (Statistics)

This PhD program aims at providing quality opportunities to accomplish the research in the fascinating area of Statistics. Today, there is hardly any field of scientific investigation which does not employ qualifications in terms of statistical models. This program will enable candidates to appreciate and make contributions to statistical research especially in financial, econometric, demographic, computational, and business related applications. The candidates are expected to be full-time research students and will also have the opportunity to do teaching related activities, for which they will be compensated with a monthly stipend.

Certificate Courses (Evening Program)

Candidates interested in attending single courses of PGD and MBA, offered in the evening, are awarded Certificates upon successful completion of the course. These certificate courses are available for people with a Bachelors' degree or equivalent from a recognized university. Relaxation in this requirement may be allowed for candidates sponsored by their employers. These courses are useful for those who cannot join the full length degree or diploma programs. Students can have their status converted to that of visiting students, upon request, before the first hourly examination of the course.

Postgraduate Diploma in Business Administration (PGD) (Evening Program)

PGD is offered at the City Campus in the evenings. The duration of this program may vary from 1½ to 3½ years, depending on the capacity of the students to complete the course load each semester. The students must complete the course work in 7 consecutive semesters. The course load for PGD students is three in the regular semester and two in the summer semester. This program consists of 12 courses of 36 credit hours cumulative, all of which are compulsory. This program leads to MBA degree pursued in the evening program.

Visiting Students Program (Evening Program)

The Institute also admits, without any prerequisite, visiting students in single PGD and MBA courses in the evening program, provided seats are available. These students are not allowed to take regular examinations. The visiting participants are awarded a certificate without any grade for attending the course if they maintain the attendance requirement. A visiting student is not allowed to have his / her status changed to that of a regular student during the semester.

Rich Pool of Experiential Knowledge

Mr. Asif Saad - Former CEO Lotte Pakistan

Mr. Javed Jabbar - Former Minister of Information

Mr. Qaiser Jamal - Former CEO Karanaphuli Fertilizer Bangladesh

Mr. Salim Raza - Former Governor of State Bank of Pakistan

Mr. Sadeq Sayeed - Former CEO Nomura Asia

Mr. Shahid Zaki - Former CEO Phillips Pakistan

Mr. Zaffar Khan - Former CEO Engro Corp

Mr. Zafar Siddiqui - Former CEO Gillette Pakistan

To apply for any of the above Programs

Please visit our website at www.iba.edu.pk or email info@iba.edu.pk

ALL ADMISSIONS ARE SUBJECT TO CANDIDATES MEETING, MINIMUM ELIGIBILITY REQUIREMENTS AND QUALIFYING APTITUDE TEST, GROUP DISCUSSION & INTERVIEW AS APPLICABLE

5) Bring the following documents (as applicable) along with attested copies at the time of your interview:

- ✓ Bachelor's degree from HEC recognized institution.
OR
- ✓ HSC complete result or HSC first year result (in case the HSC final exam has not been taken yet)
- ✓ Matric or O' Level or American High School - 9th and 10th grade complete results;
OR
- ✓ A' Level complete result or grades for any A' Level subject(s) completed or A' Level first year results (in case the A' Level final exam of three principal subjects has not been taken yet)
OR
- ✓ American High School complete result or up to 11th grade results (in case the High School Diploma 12th Grade final exam has not been taken yet)
OR
- ✓ International Baccalaureate complete result or IB first year complete results (in case the IB final exam has not been taken yet)

Milestones in the Journey of Excellence

Development of Programs

1955

Institute established as Institute of Public and Business Administration (IPBA), a USAID-financed business school project on the US MBA Model. Programs commenced in the YMCA building in Karachi with technical support from the Wharton School of Finance & Commerce and the University of Pennsylvania, USA

1956

Faculty set up at the Department of Commerce, Karachi University in collaboration with the University of Southern California

Commenced offering Morning Program in (MBA) as a constituent unit of the Karachi University

1957

Evening Programs launched in graduate studies (MBA)

1965

IBA Faculty and Dacca University jointly developed MBA Program, in collaboration with Kelly School of Business for MBA Programs, to begin in former East Pakistan

1968

2-Year BBA Program Introduced

1982

3-Year BBA (Hons) Program launched

1983

MBA (MIS) Program launched

Center for Computer Studies established in collaboration with IBM, Pakistan

1987

IBA declared Center of Excellence by the US Government through USAID

1990

MBA (Banking) Program introduced in collaboration with ANZ - Grindlays Bank

1993

BBA Program and MBA Executive Programs (self-financed) started at the City Campus

1994

Became independent of KU, received Charter as a fully autonomous and degree awarding institution.

1998

BBA (MIS) Program introduced

BS (Computer Science) Program launched

2002

4-Year Undergraduate Program launched in Business Administration and in Computer Science

Center for Executive Education (CEE) established

2004

NTHP (National Talent Hunt) Program launched

2005

PhD (Computer Science) Program launched

2008

MS (Computer Science) Program launched

2009

Center for Entrepreneurship Development (CED) established

Executive MBA (weekend) Programs launched

STHP (Sindh Talent Hunt Program) launched

2010

Dean's List and Best Final Year Project Awards introduced

MS (Economics) Program introduced

IBA Corporate Leaders Advisory Board formed

Memo of 10 years collaboration signed with Babson University

2011

South Asia Quality Assurance Systems (SAQS) Accreditation received

First student acquires a PhD degree from IBA

Student exchange & study programs commenced with foreign universities

IBA received membership of European Foundation for Program Development

PhD (Economics) Program launched

Center for Business and Economics Research (CBER) established

MBA curriculum revamped including introducing requirement for 2 years of work experience

Structured Mentoring and Student Development Programs started

BBA curriculum revamped to make it a terminal degree

BBA Entrepreneurship Program initiated

Responsible Citizen Initiative Program introduced

Department of Mathematical Sciences and Department of Social Sciences & Liberal Arts established

2012

4-year BS (Economics & Mathematics) Program launched

New streams (18 & 24 months) introduced in the MBA Program

Memo of collaboration signed with the University of Malaya

MS (leading to PhD Program in Economics & Math) launched

Alumni crossed 10,000 graduates mark

Overseas Chapters of IBA Alumni launched in UAE, UK, & Canada

IBA registered as Education Provider of Project Management Institute

MOU signed with the Indian School of Business (ISB) to promote Executive Education in Pakistan

Personal Effectiveness Course Introduced

MOU Signed with SP Jain Institute of Management Research

2013

4-year Undergraduate Program launched in Social Sciences & Liberal Arts

4-year Undergraduate Program launched in Accounting & Finance

Memo of collaboration signed with the Institute of Chartered Accountants of Pakistan

2014

Memo of collaboration signed with Chartered Institute of Management Accountants

Memo of collaboration signed with Association of Chartered Certified Accountants

Memo of collaboration signed with Institute of Bankers Pakistan

Development of Infrastructure

1955

Institute established in YMCA Building premises near Governor House, with 4 classrooms, a reading hall, and 2 offices (8000 sq.ft) in PMA building on Havelock Road.

1961

Shifted to Kandawalla Building, M.A. Jinnah Road, Construction planned for a Campus each at Karachi University (Main) & Garden Road (City) Campus

1967

Construction completed; Morning and evening classes commenced at Main (1965) & City (1967) Campuses respectively

1993

2 story Building (FCS) added at the City Campus

Boundary walls constructed around the IBA, Main Campus & Staff Town, demarcating IBA Land

1997

Acquired 8,459 sq. yards plot in North Nazimabad for Vocational Training Centre

2010

Upgrading and renovation work of Adamjee Academic Block completed at the Main Campus

Upgrading and renovation work of Cafeteria completed at the City Campus

2011

Upgrading and renovation work of Gani & Tayub Auditorium completed at the Main Campus

2012

Newly constructed multipurpose building completed at the Main Campus

Construction of Aman Center for Entrepreneurship Building completed at the Main Campus

Upgrading and renovation work of Faysal Bank Academic Centre completed at the City Campus

Upgrading and renovation work of Towfiq Chinoy Administration Building completed at the City Campus

2013

Construction of Abdul Razzak Tabba Academic Block completed at the Main Campus

Construction of Alumni Student Center completed at the Main Campus

Construction of Sports Arena comprising a cricket ground, a football ground, two tennis courts, a basketball court, and volleyball courts completed at the Main Campus

Upgrading and Renovation work Sir Anwer Pervez Boys Hostel completed at the Main Campus

Construction of Captain Haleem Siddiqui (150 bed Boys Hostel) completed at the main campus

Upgrading and renovation work of HBL Academic Center completed at the City Campus

Construction of M. Habibullah Visiting Faculty Residence completed at the Main Campus

Tier III Compliant Data Center inaugurated at the City Campus

Power Generation Center and sewerage treatment plant commissioned

2014

Construction of Parvez Abbasi Prayer Hall completed at the Main Campus
