Preface

An Institute, like any community, must have regulations and/or standards by which its members abide, and procedures by which its organization functions. This handbook, prepared by the Communications department, provides students with a helpful reference about the Institute. It includes an overview of the IBA system, a profile of IBA, a summary of students policies and benefits, and highlights of the resources, services and activities that are available. The standards should provide order and an atmosphere conducive to intellectual and personal development. This Student Handbook and the Code of Student Conduct contained within are intended to serve these purposes in the interest of all segments of the Institute. The IBA has a responsibility to maintain order within the community and to discipline those who violate its standards, rules, and/or policies. Enrollment requires students to share this responsibility. Students agree to abide by the standards, rules and/or policies set forth in this Handbook.

If you have any questions about policies and procedures or have any suggestions you may write to the Head of Corporate Relations and Communications department, Mrs. Malahat Awan.

Introduction

About IBA

The Institute of Business Administration (IBA), Karachi has the distinction of being the oldest business school outside of North America offering an MBA degree. It was established in 1952 with assistance from the Wharton School of Economics, University of Pennsylvania, and the University of Southern California.

Since then, the IBA has served as Pakistan’s premier business Institution, with a network of 13,000+ well-placed alumni in leading positions across the public and private sectors.

Recently, the IBA has evolved from being a core business institution, to offering multidisciplinary programs in the social sciences.

Mission

The IBA aims to impart quality education in business and allied fields to students selected on merit, irrespective of ethnicity, gender, religion, or financial means. With that, it intends to provide a teaching and learning environment that encourages critical thinking, ethical conduct and effective decision making. Moreover, students are encouraged to undertake original research that enriches teaching and benefits business, government and civil society.

Our core values

Truth
Truth means conformity to facts. Being truthful involves speaking and acting consistently in accordance with the highest ethical values.

Merit
Admission to IBA is solely based on merit. This principle has served IBA well in the past and will continue to guide it in the future.

Creativity
Creativity breeds innovation which is critical for an institution to expand its frontiers. IBA students are encouraged to generate new ideas to attain their goals.
Discipline
Discipline requires self-regulation and adherence to an established code of conduct. Discipline is essential for an IBA student and facilitates the smooth functioning of the Institute.

Integrity
Integrity suggests the quality of being honest and having strong moral principles. Integrity is crucial to the reputation of individual students as well as that of the Institute.

Tolerance
Tolerance represents the ability and willingness to accept and co-exist with other opinions and behaviors. Tolerance is an essential characteristic of successful individuals and societies.

Humility
Humility is the opposite of pridefulness. It involves recognizing that one’s achievements are due to many factors and should not be the occasion for arrogant behavior.

Teamwork
Teamwork requires harmonizing individual efforts to achieve a common goal. Without team work, individual efforts can be wasted, and institutions can suffer.

Commitments and expectations

IBA commits to provide the following for its students:

1. An equitable and supportive environment for all students.
2. Accurate information about the teaching and assessment timetable.
3. Effective teaching supported by appropriate materials and facilities.
4. Prompt and fair grading of assessments.
5. Learning resources (library services, study areas, computer assisted learning, audio-visual resources, computer laboratory facilities, etc.) provided to aid learning.
6. A fair and efficient feedback procedure.

It is expected that all students of the Institute will reciprocate by:
1. Complying with the Institute’s published expectations and rules pertaining to academics and other matters.
2. Abiding by the IBA Code of Conduct and refraining from any dishonest acts, either during examinations, or while executing other responsibilities.
3. Displaying a courteous attitude towards staff, fellow students and visitors at the Institute.
4. Treating the Institute’s property with respect.
5. Attending lectures on time and submitting work and assignments promptly.

**Ingredients of professional training**

Self-discipline and integrity are two essential ingredients in professional training. A student’s ability to adapt and thrive in a working environment will be reflected in his/her self-discipline.

**Quality Enhancement Cell**

Ensuring provision of quality education is a key objective of the IBA. The Institute has a comprehensive quality assurance system monitored by external audit. IBA aims to encourage and empower students to become independent learners. QEC aims to guide and facilitate students using the following tools:

- Compliance with HEC and other local and international accreditation bodies
- HEC feedback forms
- Faculty and course evaluation
- Plagiarism check
- Faculty course files
- Assurance of Learning for AACSB
- Facilitation in HEC online degree attestation
- Academic audits
- Capacity building sessions

The establishment of QEC at IBA is a vital step in ensuring the quality of teaching and learning. The QEC also liaises with local and international accreditation bodies.

The QEC is always open to suggestions and looks forward to improve IBA’s standing at the national and international level. If you encounter any academic issue during your time at IBA, and do not know whom to ask for help, please contact us.

Academic Guidelines

Attendance

A distinguishing feature of the IBA is its strict adherence to the academic calendar.

i. Attendance is taken at the beginning of the class.
ii. Late comers are marked ‘absent’.
iii. If a student accumulates more than the permissible absences *(Absences policy available in the Program Announcement 2019-20)*, he/she is awarded an ‘F’ in that particular course.
iv. Students found tampering with attendance records, in any way, will immediately be expelled from the Institute.

Withdrawal from a course

A student may withdraw from courses if such withdrawal helps the student in improving their performance in the remaining courses. Withdrawal from a course is not treated as failure, and does not impact the GPA. ‘W’ grade would be indicated on the transcript for a withdrawn course. However, once a student has accumulated more than the permissible absences in any course, he/she is not allowed to withdraw from that course and is awarded an ‘F’.

Full-time students are allowed to withdraw from two courses in a semester.

Part-time students are allowed to withdraw from some or all of the courses for which they have registered in a semester.

MBA Executive participants can withdraw from a course within one week after the announcement of the midterm exam results.

Withdrawals from courses can be requested by submission of the course withdrawal form to the respective program office within one week after announcement of midterm/second term examination results in a regular semester, or within one week after announcement of the midterm examination results in the summer semester. The prescribed withdrawal form can be obtained from the program office or downloaded from the IBA portal.

Semester freeze

1. Full-time students may apply for semester freeze by submitting a formal application to the program office. However, students on probation are not allowed a semester break. All courses are marked as withdrawn when a semester break is applicable.
2. Part-time students should also inform the program office if they intend to not study any course in a particular semester.
3. Applications for semester freeze must be submitted at least one week before commencement date of final exams.

**Conditions for withdrawal from courses**

1. Once a student has accumulated more than the permissible absences in any course, he/she is not allowed to withdraw from that course and is awarded an ‘F’.
2. Full-time students are allowed to withdraw from two courses in a semester.
3. Part-time (evening and weekend) students are allowed to withdraw from some or all of the courses for which they have registered in a semester.

**Procedure for withdrawal from courses**

Withdrawal policy for all semesters is homogenous. Following is the process of course withdrawal:

1. The request for withdrawal has to be made after the announcement of midterm/second term examination results.
2. The respective course instructor is required to approve the request for withdrawal.
3. The prescribed withdrawal form can be obtained from the program office or downloaded from the IBA portal.

**Conduct in examination**

At IBA, students will have to appear for midterm and final examinations in each semester. A violation of any rules mentioned below may lead to cancellation of the paper and any other penalty deemed appropriate by the Discipline Committee:

1. Entering the examination hall
   a. To maintain the integrity of the examination process, students are to carry a valid IBA ID.
   b. To avoid disruption and any undue anxiety, students are requested to arrive at least 10 minutes before the commencement of the examination; students will not be allowed to enter the examination room/hall 30 minutes after the exam starts.
   c. Students are responsible for bringing their own calculator, if approved by the faculty, for quantitative courses.
   d. Students are expected to bring their own stationery. No borrowing from any other examinee is allowed.
e. Cell phones, smart watches and other electronic gadgets are prohibited inside the examination room. If a student is found carrying a cellphone, his/her paper will be cancelled; the student may also be penalized Rs. 10,000, when caught the first time, and Rs. 20,000 if caught another time.

2. During an examination
   a. Students are allowed to leave the examination hall 30 minutes after the exam has started.
   
   b. Any kind of communication between the students is a violation of examination rules, and will be treated as an offence under the ‘Use of unfair means’.

3. At the end of the examination
   a. Once the exam time has ended, the examiner will announce “all pens down” after which no student should be holding a pen in their hands.
   
   b. Students must fill in the relevant details on the front cover of the answer booklet, and tie any extra sheets used to the examination answer booklet.

**Plagiarism/cheating**

Plagiarism and cheating are prohibited at the Institute. There should be absolutely no plagiarism/cheating in any examination, quiz, assignment, report and/or presentation by any student.
Some examples of plagiarism are:

1. The appropriation and paraphrasing of an idea, argument, information, maps, charts, tables, images, song lyrics, data sets, computer course codes, mathematical formulations, movies, or new-media compositions from a published source, without adequate citation.

2. Direct quotation from the published sources that are not fully and explicitly cited and acknowledged.

However, each case will be decided on its own merit.

**Evaluation**

During a student’s time at IBA, they will be asked to fill evaluation questionnaires in order to assist the Institute in its course monitoring and planning. For further improvement, students will be able to access the Online Course Appraisal System through the IBA portal. The data from faculty evaluations is used by the Associate Dean and Chairpersons.
Faculty evaluation occurs once in a semester, after the second term exams.

In case of deferral, a student will be restricted from giving the exam until the evaluation is completed.

**Mentor scheme**

Development as a professional is also of equal importance. Students will be assigned a mentor to assist them in their professional grooming. The mentor functions as a link between the IBA management and the student.

**Class representatives**

Each class will elect one class representative who will act as a liaison between the student and the IBA management in all matters.

**Instructional spaces**

Classrooms/seminar rooms/auditorium and laboratories are set up to provide a modern and conducive learning environment. All lecture rooms are air-conditioned and equipped with comfortable chairs and tables, multimedia, projectors and white boards.

**Lecture timings**

**Full-time students**

Lectures are held from Monday to Saturday; morning lectures commence at 8:30 am. Lectures have a duration of 75 minutes.

The subject and course requirements will determine the number of classes in a week. The class timetable is emailed to the students, and is also updated on the ‘IBA all classes group’ on Facebook.

**EMBA and part-time students**

Lectures for EMBA and part-time students are held on weekends between 6:00 pm to 9:00 pm on Saturdays, and 9:00 am to 5:00 pm on Sundays, with a 15- minute break in the middle of the lectures.

**Recommendation letter**

IBA provides its students the facility to get a recommendation letter from its faculty and staff for upcoming opportunities. However, it should be noted that all students should give the relevant stakeholders a week’s time to process the recommendation letter.

Tampering with locks on buildings, unauthorized possessions, or use of keys including their alteration or duplication is against IBA’s policy. Climbing on IBA buildings, IBA-owned structures, or participation in any of these activities may subject a student to fines and other sanctions.

Unauthorized use of IBA’s facilities or services
The unauthorized use of IBA’s property, including but not limited to IBA buildings, spaces and grounds, documents and records, furnishings, or equipment and materials, is a violation of IBA’s policy and is subject to disciplinary action.

Theft and vandalism

## SoPs for Student Societies Events

The students should coordinate with all the concerned departments, especially with the **Office of Student Societies, IBA Student Counselor, Dr. Nida Aslam Khan and Assistant to Student Counselor, Ali Akbar** for necessary coordination.

## Steps before conducting an event/activity

1) Students willing to conduct an event/activity will be required to fill the ‘Event Organizing Form’ (attached), and submit it to the Administration department duly signed by the patron of the society, Manager Financial Reporting, Syed Mazhar Kazmi and Student Counselor Dr. Nida Aslam Khan.
2) Students will obtain a written approval of the budget from the Finance department along with necessary financial guidelines (please refer to Financial Guidelines Section in Student Handbook 2019-20 at Page No. ). Complete adherence to financial guidelines as per policy is required (key responsibility of CFOs of all the societies).

**Booking of the venues/facilities**

1) Students completing the above steps will be eligible to book their venue/facilities by visiting the Administration department, along with the original copy of the ‘Event Organizing Form’ duly filled. This is subject to the availability of the required facilities.

2) All bookings of the facilities/venues will be done by the Administration department. An activity calendar should be developed immediately after the new office bearers are sworn in, and the same be shared with the student’s counselor. Moreover, these activities should also be shared over the IBA Events Calendar: [https://webapps.iba.edu.pk/com_event_cal/portal.php](https://webapps.iba.edu.pk/com_event_cal/portal.php)

**General conduct for students**

1) During prayer timings, silence must be observed as a sign of respect. The relevant society’s council must ensure compliance in this regard. They will be aided by security personnel.

2) Loud music must not be played at any point in time during the event.

3) All participants must maintain a clean environment, observe teamwork, exercise tolerance and respect each other.

4) Security clearance for foreigners must be arranged by organizers.

5) In order to avoid mismanagement at concerts, there must be a mechanism for effective crowd control.

6) Steps should be taken to ensure that individuals do not enter the venue with forged documents/tickets.

7) Ensure NO cash handling, consult Finance department for payment procedure.

**Guidelines for patrons of the society**

1) Society patrons must review the content of the programs to ensure that it is not controversial or damaging to the IBA in any manner.

2) The patrons and the student’s counselor should review the list of participants/attendees to ensure that no blacklisted or controversial individuals are included.

3) Ideally the relevant society patrons should attend the event.

4) Sponsors, logos, and branding are to be area specific and time bound. Please consult Senior Manager, Corporate Relations and Communications Department (CRC) Mr. Haris Siddiqui.
5) Any below the line (BTL) marketing tactics or campaigns should not be undertaken by societies without prior approval from ED, Student Counselor and Mr. Haris Siddiqui (CRC).

6) Since IBA has a corporate relationship with Pepsi, therefore, Pepsi will be the exclusive beverage partner for IBA for the term of the MoU/Agreement. This implies no other beverage will be sold on campus or displayed i.e. no branding of competitive products.

Checklist of the event/activity

7. Students are required to submit the checklist of the event/activity as per format appended below, along with the original copy of the ‘Event Organizing Form’ for booking the facilities.

8. All society members are to follow the list of vendors, for now food and decoration and printing, as shortlisted by Office of Student Societies (OSS) committee members (OSS committee comprises of faculty patrons). Please contact OSS and ISC members for further details.

9. Focus on small, quality events driven by student’s efforts; mega events are discouraged. Joint collaborations between societies are encouraged, e.g. the photography society is now officially providing its services for free to cover all students events; the music society displaying its talent in the dramatics society etc.

10. The responsibility of maintaining a complete record of sponsorships, whether in kind or in cheque lies with CFO of any given society, along with the Manager and Assistant Manager. The ISC members i.e. VP, GS, CFO, along with campus coordinators are equally responsible and accountable.

11. Outsourcing of society events to third parties, such as hiring companies/theater groups to perform at IBA events is not allowed. Only student’s talents should be showcased in such events.

12. All events are to be held within IBA.

13. Students are prohibited from working as vendor(s) or providing vendor services/activities within IBA to any society. Students found doing so shall be strictly dealt with and will be taken to the Disciplinary Committee (DC).

14. Talented students are encouraged to hone their abilities and engage with societies on a voluntary basis (just like any other office bearer). They will have the absolute support of OSS and ISC members.

**Event Management**

During the course of your studies at IBA, you will have to arrange various events as part of extracurricular activities. Even though these will be supervised by the faculty, the bulk of the responsibilities will still rest with the students. This will be good practice in management, which will benefit you in the future as well.

It is always handy to have a checklist ready in which you can make notes of important details and remember them. Here is a checklist which will help you do just that and aid you in organizing your events efficiently and achieve a well-managed event that does you credit.

If you plan to become a member of any of the student societies mentioned above, this checklist will be even more helpful to you.

Use this checklist first to identify who and what is going to be involved in your event so you can plan effectively. Consider the circumstances of the event at hand and the conditions around you.

**Important points for students’ society**

1. Student events should be organized which are relevant to their own specific society.

2. The form or pro forma for organizing the event should be submitted to IBA administration at least 10 days before the event date which should carry the approval signature of the specific patron, Syed Mazhar Ali Kazmi and the SC.
3. The dependence on outside sponsorship is to be reduced.

4. Individual societies should avoid large social events except student flagship events such as MUNIK, ENIGMA and IBLC. Approval can be sought from the SC and ED, if need be.

5. Extensive distribution of shields to the MT and to IBA top management should be avoided, instead they should be acknowledged via giving them scrolls/certificate of participation of their contribution and stating that on their behalf a certain amount has been donated to a charity cause. Approval can be sought from the SC and ED, if the need be.

6. Protocol for calling senior government politicians to seek approval from ED.

7. The names of ‘guest speakers’ called in for any event should be shared with the patron and the SC, prior approval from the OSS is must.

8. CED Incubates as vendors for student events are not allowed.

9. Students are to strictly follow the SOP and TORs in IBA Student Handbook regarding sending RfQs to vendors and other necessary guidelines as set out by the OSS committee, and are requested to facilitate the OSS office to expand the existing pool of vendors in order to make the quotations more competitive.
Students are required to take the following matters into account for the smooth running of the event. Students are required to submit event details, **two weeks** before the event, in a **PowerPoint presentation** consisting of the following points.

**g) Patron’s Name:** __________  **Society:** __________  **Signature:** __________

Students Pledge

The tenets of the IBA value system are implemented through promoting a ‘culture of greater integrity’. The Honor Code appended below is a statement of pledges based on rules, values or principles governing the conduct of individuals. The Honor Code of the IBA comprises of the following pledges that all members of the IBA community have to make:

1. I affirm to uphold this pledge and conduct myself in accordance with the highest principles of honesty, integrity and responsibility in all my endeavors at IBA and foster an atmosphere of mutual respect within and beyond the classroom.

2. I will uphold all standards of honorable conduct and report any infraction of this pledge.

3. I will not lie, steal or cheat, nor tolerate among us anyone who commits any such acts.

4. I will neither give nor receive aid on any assignment/exam.

5. I will not take unfair advantage of any relationship and act with integrity in the use, evaluation and presentation of facts, data and documents.

6. I will honor, value, protect, preserve the physical identity of the property of IBA and ensure that it is not misused, defaced or vandalized.

7. I truly subscribe to the principle that every student must be a gentleman/lady first.

8. I understand that my obligation to the honor system will be two-fold namely:

Individually,
I will not violate the code and as a community, I am responsible to ensure that suspected violations are reported.

1. I understand that an honor offence is defined as an act of lying, cheating, stealing or disregard of laid down instructions, performed intentionally, of sufficient gravity such that open toleration of the act would impair the community of trust sufficiently enough to warrant punitive action against me.

I have read and understood the contents of the above code and do hereby undertake to abide by the pledges I do hereby make.
