Best Practices in Social Media

The following "best practices" have been compiled to serve as a guide as students participate in social networking as a group or as an individual.

- Students should be honest about their identity. Participate only under the student's name.
- Students should have all the facts before posting something. Cite sources where applicable.

- Be respectful and courteous in posting and communicating.
- Students should think before posting. There's no such thing as a "private" social media site. Search engines can turn up posts years after the publication date. Comments can be forwarded or copied. Archival systems save information even after it has been deleted.
- Maintain confidentiality. Never post personal, confidential or proprietary information.

Personal/Club Sites

The following code of conduct is to be followed:

- In personal posts, students should be clear that they are sharing their personal views and are not representing any organization.
- Students are legally liable for what they post on their own site and on the sites of others. Individual bloggers have been held liable for commentary deemed to be proprietary, copyrighted, defamatory, libelous or obscene (as defined by the courts). Employers are increasingly conducting web searches on job candidates before extending offers. Students should be sure that what they post today will not cause concerns in the future.
- Do not use the logo, name or any institute marks or images on a personal or club site. The institute logo and name are copyrighted and for official use only.
- Students should only use photos of persons who have given them permission to do so. Do not post photos from course materials, campus-based presentations or any photographs of a medical or personal nature even if the student thinks they are de-identified. Students should use good judgment when posting photos of themselves on sites that prospective employers may be able to view.
- Never post copyrighted material of any sort.

Protecting Student identity

While students should be honest about themselves, they should not provide personal information that identity thieves could use against them. Students should not list their home address or telephone number or their work telephone or e-mail address. Students should not endorse or support any political candidate.

STUDENT DEVELOPMENT PROGRAM

Students Development Program (SDP) is a comprehensive skill enhancing process for management and leadership development. It is an important component of IBA's approach to a personalized education. The overall objective of this program is to help students understand how to make choices about their attitudes and actions. It enables them to firstly, acquire skills for improving confidence, team building, and communication and secondly, achieve goals that will result in growth, change, and increased effectiveness. Both Management Development and Leadership Development require the basic skill sets taught in the Student Development Program.

Program Structure

Year 1:

Faculty / Academic Advising

The purpose of Faculty Advising is to help the students at IBA to seek advice regarding their academic, administrative, social, disciplinary or any other problems faced by them during their stay at IBA. Faculty advisors are an integral part of a student's on-campus experience. Advising aids in developing a student's life goals, career goals, selection of majors, options within degree requirements, balancing course load with outside responsibilities (working hours, family), and so on.

The Advisor builds the connection between the student and the institution. The Faculty Advisor will serve as an official representative of IBA that the student encounters in a systematic, ongoing relationship, throughout their stay at IBA. As an Advisor interacts with students in a one-on-one relationship, students gain an understanding of their own potential and clarify their educational goals. Students are provided educational strategies so that they may be active partners in the advising experience and use resources to their advantage as they seek to accomplish their educational and career goals.

Career Counselling & Guidance

IBA's Career Development Centre (CDC) is an information brokerage vehicle for graduating students for career guidance. CDC provides individualized Career Counseling to all students of IBA. The counselling helps students in exploring their interests, skills, values and abilities. CDC guides them on the prospects of relevant careers, and explores educational requirements and funding options as well. Overall, our counselling services facilitate students to make an informed career decision and draft a road map for their future success. To schedule an appointment for career counselling, contact the CDC office or email at cdc@iba.edu.pk.

CDC also arranges mock interviews, resume writing exercises and mentoring by the Alumni for the students. CDC also collects and disseminates data and information for studying abroad and market opportunities.

Personal Counselling

A Personal Counsellor is responsible for personal, behavioural and psychological counselling for students whose personal problems are affecting their academic performance. Our Personal Counselors carry out their duties in strict confidentiality and have no reporting relationship with anyone on these matters. Such cases are referred in strict confidentiality and no further communication with any of the member (faculty, staffs or student) is made on this subject.

When should you see a personal counselor?

- When you feel safe to discuss an issue with a counselor directly
- When you are feeling depressed, sad, angry or otherwise “not yourself”
- When you are thinking of abusing drugs, substance, alcohol etc. to help you feel better.
- When you’ve lost someone or something important to you or something traumatic has happened, and the state is effecting your overall performance
- When you can’t do the things you like to do or do not enjoy the activities / works you ordinary enjoy

NOTE:

Academic Advisory, Career Counselling & Guidance and Personal Counselling are all ongoing services available for students which they can avail anytime during their stay at IBA right from their first semester.

Year 2:

Responsible Citizen Initiative (RCI) / Social Internship

The ‘Responsible Citizen initiative (RCI)’ provides an opportunity to each IBA student to gain practical hands-on experience in community service. This exposure builds a sense of deep responsibility & commitment, and serves the purpose of creating awareness among our students about the needs of the various segments of our society. It is hoped that they would translate this knowledge into further good deeds and actions.

As a condition for successful graduation, each undergraduate student enrolled in BBA/BS programs has to complete 6 to 8 weeks’ internship at an organization OR a project designated / approved by IBA as suitable for community / social service. During RCI, students are required to work on various social welfare projects with recognized and registered NGOs / organizations / projects having a demonstrated track record. Student can contact CDC to have an updated list of recommended institutions / organizations for carrying out their Social Internships. Students approaching organizations on their own are required to seek CDC's approval before undertaking their internships. They should provide CDC with the following information for the endorsement purpose:

- a. Name of the targeted / selected organization for RCI;

- b. Project/Assignment description;
- c. Supervisor(s) Name;
- d. Project initiation date.

Organizations generally inquire about students' authenticity for which students can request CDC to issue a formal Recommendation Letter which they can present to their respective institutions.

Once the internship period ends, students must submit the following documents to the CDC within two weeks:

- a. Acknowledgement Letter OR Certificate from the organization's HR confirming the completion of internship;
- b. Filled and sealed Evaluation Form (on a prescribed format, available with CDC);
- c. Internship Report* (Preferably Soft Copy at cdc@iba.edu.pk mentioning 'RCI-YYYY Report-your ERP' i.e. 'RCI-2016 Report-06027' in the subject line)

CDC issues 'Acknowledgement Form / Receipt' once a student submits all the required documents. Letter of gratitude and acknowledgement are also sent to the organizations from CDC; in particular to the ones which consume larger pool of IBA students.

Year 3:

SKILLS Development Program

Organizations look for a graduate from a well-reputed university, who not only has specialized knowledge but is also proficient in terms of personal and professional skills. To equip students with such essential skills, IBA in collaboration with the School of Leadership (SoL) has developed a comprehensive program titled "SKILLS" abbreviated as "Seek Knowledge Inculcate Leadership Live Successfully". This empirical program identifies students' present level of proficiency on the pre-identified skills and provides them with a toolkit to fine-tune them.

This program has two phases:

1. Assessment Phase: Firstly, students are evaluated for their accomplishments on the 6 core competencies

2. Development Phase: Secondly, students are developed for the required professional/personal skills for their career development and progression

Program objectives:

The overall philosophy of this program is the development of Personal Leadership Competencies within students, allowing them to:

- Discover their personal aptitude and to make them realize how to leverage it;
- Cultivate a positive attitude and constructive approach for improved relationships and performance in personal & organizational contexts; and
- Undergo a learning journey wherein they develop their competencies and understand personal and professional life challenges that are yet to come in their lives

Modules:

- Ethics & Professionalism (mandatory to all)
- Creativity & Decision-Making
- Leadership
- Teamwork
- Communication
- Presentation

Various training methodologies such as case studies, experiential exercises, practice sessions, AV feedback, presentations, projects and reflections, etc. are incorporated in this course which keeps it more vibrant and interactive throughout.

NOTE:

SKILLS course is a year-long course offered only in 'Fall Semester' each year to all undergraduate programs' students of fifth semester only and continues till the end of their Spring Semester

YEAR 4:**Corporate Internships:**

Corporate Internships are extremely valuable as they allow students to gain hands-on experience, develop their resumes, build valuable industry contacts and strengthen their professional network. In some cases, interns may actually receive an offer of employment from the company.

Corporate Internship is a mandatory requirement for students of MBA, BBA, BSCS, and BSAF programs at IBA. Career Development Centre (CDC) facilitates senior students and corporate organizations for the placements of students on internships in final year of their stay at IBA. CDC also encourages students to arrange their internships on their own after collecting necessary information regarding the company and the nature of work, etc.

Personal Effectiveness:

Personal Effectiveness (PE) course is offered to last year students to impart professional skills in IBA students before they enter into the job market. The course primarily focuses on learning and adapting advance level of soft skills. This Program is intended to prepare students for the corporate and entrepreneurial market and develop in them, skills that will make them effective in their personal as well as professional roles

Personal Effectiveness courses are offered to senior students (enrolled in seventh semester) as a non-credit course with no fee. It is a mandatory graduation requirement for all BBA students, similar to the Responsible Citizen Initiative and the Corporate Internship. Hence it is a pre-requisite for getting the degree, which is now a terminal degree. It is not pre-requisite for any of the other undergraduate programs offered, for none of the degrees are terminal degrees as yet.

This program is structured over different themes focusing on career related and employability enhancing skills. Following themes are covered in Personal Effectiveness courses:

- Myers and Briggs Personality Type Indicators
- Negotiation Skills
- The Job Application Process
- Conflict Management
- Entrepreneurship

- Resume Building

They learn how to handle the job application process, organize career choices and career progression as well as focus on the development of entrepreneurial expertise.

Companies like ENGRO, P&G, Coca Cola, and Unilever have developed specific training programs and modules to conduct sessions with the IBA students. In addition, professional trainers conduct modules on Personality Assessment, Emotional Intelligence, Conflict Management, Negotiation Skills and Leadership Traits.

Experiential learning Program (ELP):

An integral part of the BBA program offered at the IBA. A group of 4-5 final semester students undertake a management consulting assignment in real life business environment related to managerial and organizational problems that need solutions. The Projects not only enable students to develop interviewing and report writing skills, but also provide an opportunity for them to enhance their managerial and leadership skills, besides their problem-solving and decision-making skills.

The projects are conducted under the close supervision of senior faculty members/Advisors along with organization's coordinator.

Brief description of the activities involved is as under:

- The students group (4-5 students) will prepare a project proposal (terms of reference) based on discussions with the company. A work plan is also prepared listing the main activities to be undertaken and a time table for completion of these activities
- Students present the proposal and work plan before a faculty Advisors. During the projects an interim progress report (Mid Review) is submitted to the ELP Faculty Advisor and to the organization's coordinator
- On completion of the project a draft written report is submitted and an oral presentation made to the client and the Faculty Advisors. The presentation is held at the IBA Karachi

- Based on client and faculty feedback a final written report is submitted to all for final grading
- A Faculty Advisor guides and monitors the project through the year. This includes reviewing the terms of reference and work plan, the progress report, and the final presentation and report
- Final assessment is conducted by both parties; IBA Faculty advisors and Organization's coordinators. The substantial feedback will be considered towards final grading of students

NOTE:

Event Management

During the course of your studies at IBA, you will have to arrange various events as part of extra-curricular activities. Even though these will be supervised by the faculty, the bulk of the responsibilities will still rest with the students. This will be good practice in management, which will benefit you in the future as well.

It is always handy to have a checklist ready in which you can make notes of important details and remember them. Here is a checklist which will help you do just that and aid you in organizing your events efficiently and so achieve a well-managed event that does you credit.

If you plan to become a member of any of the student societies mentioned before, this checklist will be even more helpful to you.

Use this checklist first to identify who and what is going to be involved in your event so you can plan effectively. Consider the circumstances of the event at hand and the conditions around you.

FREQUENTLY ASKED QUESTIONS

I feel ill or have hurt myself - Go to a faculty member or call the Help Desk, or use the first aid box in the lobby.

I have a suggestion or a complaint - Speak to someone in the administration offices of IBA or your lecturer.

I want to speak to someone about what to do when I complete my course - Make an appointment with your lecturer and the Career Development Center (CDC). They know best about your courses and the options available to you.

I need to buy stationery, stamps, etc - Go to Sohail Photostat (Main Campus) and Fine Photostat (City Campus). For gift items, visit Grace Shopping Mall just outside the Maskan gate of the University of Karachi.

I want to access PC's for private study or to check my e-mail account - Talk to the Lab

Add any other questions that you have and then ask your lecturer to answer them for you.

“People who ask confidently get more than those who are hesitant and uncertain. When you’ve figured out what you want to ask for, do it with certainty, boldness and confidence.”

-Jack canfield

STUDENTS PLEDGE

The tenets of the IBA value system are implemented through promoting a 'culture of greater integrity'. The Honor Code appended below is a statement of pledges based on rules, values or principles governing the conduct of individuals. The Honor Code of the IBA comprises of the following pledges that all members of the IBA community have to make:

- I affirm to uphold this pledge and conduct myself in accordance with the highest principles of honesty, integrity and responsibility in all my endeavors at IBA and foster an atmosphere of mutual respect within and beyond the classroom.
- I will uphold all standards of honorable conduct and report any infraction of this pledge.
- I will not lie, steal or cheat, nor tolerate among us anyone who commits any such acts.
- I will neither give nor receive aid on any assignment / exam.
- I shall not take unfair advantage of any relationship and act with integrity in the use, evaluation and presentation of facts, data and documents.
- I will honor, value, protect, preserve the physical identity of the property of IBA and ensure that it is not misused, defaced or vandalized.
- I truly subscribe to the principle that every student must be a gentleman / lady first.
- I understand that my obligation to the honor system will be two-fold namely:

Individually,

I will not violate the code, and as a community, I am responsible to ensure that suspected violations are reported.

- I understand that an honor offence is defined as an act of lying, cheating, stealing or disregard of laid down instructions, performed intentionally, of sufficient gravity such that open toleration of the act would impair the community of trust sufficiently enough to warrant punitive action against me.

I have read and understood the contents of the above code and do hereby undertake to abide by the pledges I do hereby make.
